2. Twas for us he left the grandeur  
Of the heaven of heavens above:  
Well might angels, still in wonder,  
Celebrate his boundless love!  
Hark, th' eternal worlds resounding  
Loud with sweet seraphic strains;  
Millions now the throne surrounding  
Praise him on th' eternal plains.

3. Jesus now our hearts inspiring,  
Tune our harps to melody:  
With thy love our bosoms firing,  
O unite us Lord to thee!  
In the bright celestial regions,  
When life's changing scenes are o'er,  
May we with angelic legions  
Praise thee on the heav'nly shore!

Emendations:
